FRIDAY NOVEMBER 19, 1943

NUMBER 81

## Quarterly Conference Meetings Sunday

Quarterly Conference of the Taylor Stake of Zion will be held this week-end Elder Samuel O. Bannion is here representing the First Council of Seventy, and Elder C. Orval Stott is representing the Church Welfare work. They spent Thursday afternoon in company with Pres. T. Geo. Wood visiting in the district, and the agenda of meetings for Conference is as follows:

Friday evening at 8 p.m. a Public meeting will be held in Magrath.

Saturday at 4 p.m. a Regional Welfare meeting will be held in Raymond for Welfare workers of the three Stakes, and this will be followed by a meeting of Bishops and Counselors of the Taylor Stake.

Sunday at 9 a.m. a General Priesthood meeting will be held with General Conference sessions at 10 a.m. and 2 and 7 p.m.

Sunday afternoon at 4 p.m. the Seventies and Stake Missionaries will meet with Pres. Bannion for instructions and discussion and the Stake Welfare workers will meet at the same time with Elder Stott and Stake officers.

## Olive Nilsson Smith Passes Away

We were indeed sorry to learn on the 11th of November of the death of Olive, eldest daughter of Edgar and Lavern Nilsson, former Raymond residents.

Olive Amanda was born the 25th of May 1916 in Raymond. Here she received her public and High Schooling, later attending the B.Y.U. at Provo, Utah. Provo is now the home of her parents and from there the funeral is being held this Friday. The remains being brought from Vancouver where Olive has lived ever since her marriage to Douglas Smith, six years ago.

Because of Olive's bright, happy nature she has endeared herself to all who knew her. To her many friends and relatives we wish to extend deepest sympathy.

### NEWS NOTES

Parley Christensen of Christensen Bros., Lethbridge, was a Raymond visitor Wednesday afternoon and was a caller at the Recorder office.

Watson Lafferty, now of Salt Lake City, was a visitor here for a few days over the week-end. He is looking well and was glad to be back in Raymond to renew acquaintances again.

Regular Rotary meeting was held Monday, but because of recent disruptions in meetings and the busy season only a small attendance was present. A very enjoyable time is reported.

Two additions have been made at the Treasury Branch staff this week. Miss Janet Ireland has been transferred from Ponoka, and is in charge of the cash as Teller. Miss Neewanna Findlay has been transferred from Cardston to assist in ledger-keeping, and Miss June May has been made accountant. Increased business has necessitated these additions to the staff.

### CORRESPONDENCE

November 12 1943

The Editor  
Recorder, Raymond,  
Dear Sir,

We have been through a very difficult Fifth Victory Loan campaign. It seems to me that it was harder to get our objectives than ever before.

Having read very closely the weekly newspapers of Alberta which have come into this Office, I am convinced that had it not been for the very enthusiastic and whole-hearted support of the Editors, it would have been impossible to have put this Loan over throughout the Province.

I wish to express to you the very sincere thanks of the Public Relations Section of the National War Finance Committee, for your co-operation and support in this last campaign, and I am sure that we may count upon it in all future Loans.

Yours very truly,

P. C. Galbraith  
Chairman Provincial Public  
Relations Section.

### NEWS NOTES

Corp. Robertson of Magrath was here a couple of times this week on official business.

Rex Meeks is busy remodeling and adding to the home he purchased this fall from Joe McLean.

Johnny McLain was limping around Thursday unable to work, a stiff back being the cause of his trouble.

Keith Bigelow was in Lethbridge Thursday for a medical examination answering a call up from the military authorities.

Ike Orgill returned home Tuesday evening after spending three months taking charge of the Sugar Co's stored sugar in one of their Calgary warehouses.

Mr. and Mrs. I. B. Roberts were speakers in the Raymond 2nd Ward last Sunday evening reporting on experiences and observations during their recent trip to Washington and Winnipeg.

Wednesday was election day at the High School and the Student Body officers for the current term at St. Stephen Wood for President, Ramona Hargie Vice-President, and Dixie Witbeck, Secretary.

Miss Kudo, 13 year old Japanese girl was buried from the Buddhist Temple Thursday afternoon having passed away in the Lethbridge Hospital following a brief illness. We extend our sympathy to the bereaved mother, a widow, and other members of the family.

The daughter of Mr. and Mrs. S. Czech was bruised the first of the week when she attempted to catch a ride on a load of hay, missed her footing and fell beneath the rubber tired wagon and the wagon passed over her. It was loaded with hay but the rubber tires prevented any broken bones or serious injury. She is making a rapid recovery.

## Raymond Carnival November 25 & 26

Don't forget the dates of Raymond's big Carnival, Thursday and Friday November 25th and 26th. Rayo has been out of breath ever since the dates were decided on trying to get things arranged and the ticket sale organized, and he might not have time to have any advertising built up about it, so if he doesn't just take this announcement as sufficient and get ready for the two big nights.

The major prize of the drawing will be for a lovely Chester field, and anyone would be proud indeed to win this. There will be the usual fine assortment of door prizes, and prizes for the many games that will be in play, and then for the

kiddies, a Bicycle will be raffled off again this year and to give the youngsters a guarantee that this will go to a young person, the winning ticket in the draw must bear the name of some youngster, under seven-teen years of age.

Come out folks and join in the fun. Every dollar of profit will be used for community enterprises by either the Lions or the Athletic association, the two nights of fun and dancing will give all of us a chance to relax in the midst of strenuous and trying times, and every ticket we buy will be two bits to help build and maintain a better community. Be seen! you.

## NEWS NOTES

Reg Stevens, Sergt. in the R.C.A.F. was home on leave over the week-end.

Mr. and Mrs. E. E. Jensen were Lethbridge visitors on Monday of this week.

Chas. S. Matkin of Magrath was a Raymond visitor, Tuesday and was billing the town for the Magrath Carnival on Dec. 2nd and 3rd.

Chairman H. Myron Holmes, See Gerald J. Gibb and J. G. Snow represented the local School Board at the Trustees Convention in Calgary last week.

Stons's had a runaway with their delivery wagon this week, breaking one of the wheels and damaging the harness, and badly bruising the delivery boy Gordon Robinson, who was driving the team at the time.

Mr. and Mrs. I. B. Roberts returned home the end of the week from Washington and Winnipeg, at which place I. B. represented the local U.G.C. in the annual Convention. They report a very pleasant and profitable trip and really fine time visiting with their daughter, who works in Washington, D.C.

Paul Fairbanks passed his medical for the Army and is to report for training in Calgary on the 29th of this month.

R. B. Vance of Rosemary was a visitor in Raymond Wednesday and Thursday. He reports conditions in the E.I.D. as very satisfactory and everyone busy. Byron is looking fine.

Mrs. Fannie Litchfield gathered a white leghorn egg Wednesday, two complete eggs, one inside the other. The big one was as large as a turkey's egg and from a white leghorn pullet.

E. P. Tanner of the Golden Fleece Woollen Mills of Magrath was a Raymond visitor Tuesday. He says the mill is engaged in steady production with a full shift and will be busy for some time working on present blanket contracts.

36 members of the Alonzo Holland family including father and mother, with sons and wives and family from Cardston and Welling, gathered at the Josiah Holland home Wednesday afternoon and evening in a family get together and supper. A very enjoyable evening is reported.

## The Parlow String Quartette

Kathleen Parlow, famous viol inist, whose return to public appearances in Canada caused a Dominion-wide stir a year ago, was heard for several years over CBC networks as cellist and leader of the Tudor String Quartette. The Parlow String Quartette is heard over CBC network on Sundays, at 1230 p.m. CDT.

## Women's Institute Annual Meeting

The regular monthly meeting of the W. I. was held at the home of Mrs. E. Fisher, on November 11th with Pres. Mrs. Lamb presiding. The meeting opened with 'O Canada' followed by flag salute. Mrs. Kirkham led the members in repeating the creed. Roll call was answered by eighteen members, each telling what they had enjoyed most this summer. The minutes of previous meeting were read and adopted. One minute of silence was then observed in honor of Remembrance Day.

Mrs. M. Allred gave four short poems as follows: "In Flanders Fields", "Immortality", "Wear a Poppy", "A Welcome to Veterans". Mrs. Winkler reported that our full quota of six quilts for the Red Cross had been completed, and there was an extra quilt, which the members decided to raffle in aid of war work, the draw to take place on November 27th.

Our project for the December meeting is to fill two ditty bags, every member to contribute in some way, either with a donation of 50c, or an article of some value. This motion was made by Mrs. McMullin and seconded by Mrs. Winkler. Leather jackets being made are also to be handed in at the December meeting. Our December meeting will take the form of a banquet, this motion being made by Mrs. Allan and seconded by Mrs. Allan. A program committee for the occasion was appointed as follows: Mrs. Ane Turner, Mrs. L. Litchfield, and Mrs. R. McMullin. An invitation is to be sent to our convener, Mrs. E. Hutchison.

## Raymond District Victory Loan Sales

Following is a summary of the applications and total sales of the Fifth Victory Loan in Raymond and district:

Applications	Amounts
Banks .....	60 \$10,800.00
Calgary to local	
Unit .....	7 650.00
Raymond ....	361 92,250.00
Wilson Siding	
White School	104 23,050.00
Stirling .....	59 15,600.00
Welling .....	29 12,400.00

TOTALS 620 \$154,250.00

Our congratulations to the patriotic citizens of Raymond and district who rallied so well to support of the Loan. The above total was \$14,250.00 in excess of our quota, and considering the increase in the quota was a very fine endeavor. The Committee has asked us to convey their thanks to everyone who assisted in the drive and we are glad indeed to do this.

### NEWS NOTES

Elders J. W. Evans and Earl Zemp were speakers at the 2nd Ward Sunday evening and gave timely and interesting talks which were greatly enjoyed.

Mrs. Geo. Rasmussen is expected home over the week-end from a two weeks visit with relatives in Ogden, and other Utah cities.

The Council of Sugar City M. D. met in regular session last week. Routine business occupied the time of the meeting and reports were made on road building throughout the district. The pay roll was passed and ordered paid.

Mr. and Mrs. E. L. Spackman received a wire Monday from their son Grant in England, stating that another son Robert who was seriously ill with scarlet fever, was making steady improvement and Grant expected to visit Robert the day following the cable. We rejoice with the parents in the good news from England.

Mrs. Winkler reported that our full quota of six quilts for the Red Cross had been completed, and there was an extra quilt, which the members decided to raffle in aid of war work, the draw to take place on November 27th.

Our project for the December meeting is to fill two ditty bags, every member to contribute in some way, either with a donation of 50c, or an article of some value. This motion was made by Mrs. McMullin and seconded by Mrs. Winkler. Leather jackets being made are also to be handed in at the December meeting. Our December meeting will take the form of a banquet, this motion being made by Mrs. Allan and seconded by Mrs. Allan. A program committee for the occasion was appointed as follows: Mrs. Ane Turner, Mrs. L. Litchfield, and Mrs. R. McMullin. An invitation is to be sent to our convener, Mrs. E. Hutchison.

The Secretary Mrs. McBride read a letter from the Extension Service, offering us a series of winter study courses. We decided to enroll for "New Furnishings for Old," or "Eating for Health in War Time."

Mrs. Kitchen gave a reading from "Behind Barbed Wire", dealing with the help given prisoners of war by the Red Cross and Y.M.C.A.

A report on the years war work, was given by Mrs. R. McMullin as follows:

6 quilts completed and handed to the Red Cross.  
5 Ditty bags filled  
\$10.00 donated to Red Cross fund.

5.00 donated to Russian  
10.25 donated to Jax fund.  
10.00 donated to Emergency fund.

20.00 donated to Canadian Legion toward Xmas boxes.  
5.00 donated to Seeds for Britain project.

150 articles of sewing completed for Red Cross  
38 articles knitted for Red Cross.

3 leather jackets for Navy League.

60 pairs of pillow cases laundered for Red Cross.  
26 sheets laundered for Red Cross.

Election of Officers for the ensuing year then took place, as follows:

President—Mrs. W. McMullin  
1st Vice Pres.—Mrs. Doris Hall.

2nd Vice Pres.— Mrs. Jenny Allan.

Secretary Treas.— Mrs. I. Kitchen.

Board of Directors will consist of Mrs. C. Reifson, Mrs. Jamieson, and Mrs. Anne Turner.

Auditors are: Mrs. I McBride and Mrs. E. Winkler.

Publicity Convener, Mrs. M. Allred.

Constituency Representative, Mrs. W. Lamb.

Chorister, Mrs. Zobel.

The meeting then closed with all members singing "God Save the King." Lunch was served by hostesses, Mrs. E. Fisher and Mrs. Frank Shaw.

### RESEARCH LABORATORY NEEDED IN THE WEST

With both the war and the development of chemistry well advanced, apparently nothing has yet been done by the federal authorities to set up a research laboratory in Western Canada to discover new uses for western farm crops. It was indicated several years ago that the matter was being studied at Ottawa, but it is one of those projects shelved by the war indefinitely.

Chemurgy has made great headway in the United States and many of the discoveries of American laboratories are available for Canadian study. The North-West Line Elevators association has been advocating for some time that the federal government should set up a western division of the National Research Council outfitted with an up-to-date laboratory and skilled technicians. The first move to attain that objective was the recent appointment of a prairie regional committee to work with the National Research Council. This should be followed up by real action.

Dealing with this subject, the Weekly Market News of Winnipeg said the other day: "What is needed is not general recommendations but specific findings on problems now confronting the West—no! a committee, but a laboratory. When the war has finished the need for finding new uses for Western crops and for finding new sources of wealth in the West will become more urgent. Something more than a gesture is needed now."

"The appointment of the committee is an acknowledgment by the government that some-

thing must be done. On a matter so vital to the West any action should take the form of a real attack. Appointment of a committee, if it is left at that is not likely to be considered by Westerners as a 'real attack'—Calgary Herald.

### THE IMPORTANCE OF PLANTING TREES IN ALBERTA

It is the season of the year when emphasis is laid by the Forestry Division of the Department of Lands and Mines on the importance of planting trees in Alberta, and the value of shelter belts to Alberta farms as a result. Since 1932 many hundreds of thousands of trees have been sent throughout the province for this purpose by the Alberta Forest Service.

This section of the Alberta Government's forestry work is now well known. Many agricultural areas have benefitted from it, and many more will do so.

The protection from adverse winds created by shelter belts works wonders in home life and gardens. Growth is quickly advanced as a result of such shelters, to say nothing of the beauty of protecting foliage created by the trees.

Preparation for next year's shipment is now underway and the following rules and procedure in connection with applying for trees are given.

#### TREES DISTRIBUTED BY THE FOREST SERVICE

Trees, free of charge excepting the express charge covering shipment, are to be given by the Forest Service to farmers in the province for the following purposes:—

1 For planting within natural poplar or willow bluffs.

2 For replacements in established windbreaks or shelter belts. Persons requiring trees for the former purpose should secure them from commercial nurseries, and for the latter apply to the Dominion Department of Agriculture, Tree Planting Division, Indian Head, Saskatchewan.

Trees available for distribution

in the spring of 1944 include the following:

White Spruce, Lodgepole Pine, Green Ash, Burr Oak, Siberian Larch, Douglas Fir.

Not more than 10 to an applicant of the following: Yellow Pine, Norway Spruce, Red Pine and Red Oak.

Not more than 5 to an applicant Colorado Spruce, American Elm. Not more than 4, Shell Bark Hickory, Shag Bark Hickory. Not more than 3, Contorta Pine, Scotch Pine.

In addition to the above, cuttings of laurel leaf willow, golden willow and northwestern poplar will be available.

In connection with each application it must be noted that a limit has been placed on some of the trees.

The quantities of these species are very limited and it might be necessary to allot applicants smaller numbers, or entirely delete from some applications when a number of the first six are requested. In addition to the limitations of stock available, the number of applications sometimes renders it impossible to send out all the trees for which applications are received.

All applications must be filled in and received in the office of the Director of Forestry, Administration Building, Edmonton, before January 31st, 1944, otherwise they will not be given consideration.

As they painted and papered busily the two house decorators were discussing the usual topic "that man" and his tricks.

"He's a terrible chap," said the paperhanger, "with his cruelty to the poor Jews, and now the Russians."

"Yes," replied the other, "it's pretty bad, but something worse is bothering me."

"What's that?"

"Just think what a disgrace he is to our profession!"

Soybeans produced in Manitoba and Alberta under somewhat drier conditions appear to have a tendency for slightly higher protein and lower oil content than soybeans produced in other provinces where the moisture supply is normally more abundant.

### NEWS NOTES TRAIN TODAY AND FLY TOMORROW

A radio inspector was in town last week and several local people were "hooked" for no license. L. D. done a good license business that day.

The local Lions Club held their Annual Ladies night last Monday evening. A delicious supper was served in the Sugar Bowl with the essential business of the meeting attended to, and then the ninety guests adjourned to the Opera House and enjoyed an evening of dancing. A very enjoyable evening is reported.

Rastus and Liza were married but a short time when he came home with a big wash tub a washboard and a handsome three foot mirror.

Liza: What's all de truck you bring?

Rastus: You-all kin take yo' pick. Yo' kin take de tub an' washboard an' go to work, or you kin take de mirror an' set down an' watch yo'self starve.

The citation covering the award of the Distinguished Service Order to Major-General Guy G. Simonds, leader of the First Canadian Division, says in part: "He is an inspiring example to his Division by his frequent visits to the forward areas, where, under bomb, shell and mortar fire, he carries out his reconnaissances."

By Dr. K. W. Neathy  
Director, Agricultural Department  
North-West Line Elevators Association

Wheat—\$1.25 Per Bushel

Nowadays one hears many speeches. Sometimes it seems that the less the speaker knows, the more freely he speaks! Indeed, this is particularly true of addresses by amateur economists. I do not profess any knowledge of economics, but am determined to write about it anyway, if only to afford the many faithful readers of these articles the fun of scoffing at my blunders!

The new guaranteed minimum wheat prices will be good news to all westerners, and let no one claim that they will bring undue profits to the farmer. Surely the increase is long overdue, but new problems are on the horizon.

Wheat is being used for fuel in Argentina, and being fed to livestock on an unprecedented scale in North America. Up to now, our wartime agriculture has been aimed at less wheat and more livestock. The higher price of Canadian wheat, coupled with the fact that the United States Administration has asked for an increase of 14,000,000 acres in 1944, suggests that the world early-over is not considered too great.

Will wheat look so attractive in 1944 that prairie farmers will feel less like feeding cattle and hogs, and milking cows? Surely there is little prospect of increased farm labour supplies. Are we to conclude that livestock products will be relatively less important in 1944?

We suggest, in all humility, that definite and timely government guidance will be more important than ever. Also, that local "Win the War" committees, important in 1943, will be indispensable in 1944.

FOR A MILD, COOL, SMOKE

E. H. ELSDON

Vancouver, Nov 16—Ernest H. Elsdon driller in a local ship yard, came off the night shift recently to find his room burglarized and all his savings—\$2,750 stolen. "If I'd had the sense to put that cash in a bank, I wouldn't have lost the \$2,750 to a burglar," he said.

"I'd been saving that money to buy a house and all I've got left after months of work is a battered strong box. I made the mistake, you see, of keeping that money by me instead of putting it in the bank every pay day. Now I've got to start at the beginning again, but I'm going to stay at my job as a driller until I've got the money to buy that house. No more foolish risks for me. From now on I'm letting the bank keep my cash safe. It's tough luck, when you're getting on in years, to lose the very thing you've been counting on, but what I want to do is to let other people profit by my loss. Don't take any chances—let the bank take care of your money and then you'll have it safe and sure for the things you want to buy when the war's over."

## How we can all help in this

• This winter, every home-owner is urged to conserve coal—to save at least one ton in five. And here's what YOU can do—

#### WINTERIZE YOUR HOME NOW

Save valuable heat by weatherstripping and caulking your doors and windows. Put up your storm windows early—and insulate wherever necessary.

#### CHECK THESE FUEL-SAVING TIPS

Have your furnace and pipes thoroughly cleaned. Use efficient firing methods. Avoid house temperatures higher than 68 degrees in daytime, and 58 degrees in sleeping hours. Dress more warmly.

*Save one ton in five*

## "What's holding you back brother?"

THE fellows who are in there pitching at the Axis didn't need any formal invitation to race into this scrap... and they're beginning to wonder what happened to you. Those fellows are in the thick of things... smooth-working teams of fighters... each man doing his part.

Besides real he-man action and adventure, you'll get skilled technical training and experience that employers will rate highly after the war.

If you really want to pull your fair share, and if you're fit, there's not a thing in the world to hold you back. You can go aircrew today. You can win your wings in a few short months under the guidance of veteran airmen. What about it, brother?

# CRCAF

JOIN THE FIGHTING COMRADES OF THE SKIES  
Recruiting Centres are located in all the principal cities in Canada.  
Mobile recruiting units visit smaller centres regularly.

### ZONE FARM FOR VICTORY COMMITTEES WILL MEET IN NOVEMBER

Plans for holding meetings of the Zone Farm for Victory Committees during the first three weeks of November are being arranged. The District Agriculturists, who are the Secretaries of the Zone Committees will call their members together for discussions pertaining to the activities of these Committees. The Committees will review the activities carried on during the summer months and they will lay plans for their winter's program.

A member of the Provincial Farm for Victory Committee will attend all Zone Meetings to lay before the Zone Committee matters of common concern. Among the topics to be discussed will be the recruiting campaign for obtaining men, who can be spared from the farm, for work in other essential industries; the question of providing adequate seed supplies for 1944 sowing, and other problems pertaining to agricultural production.

### PLAN NOW TO REPAIR FARM MACHINERY

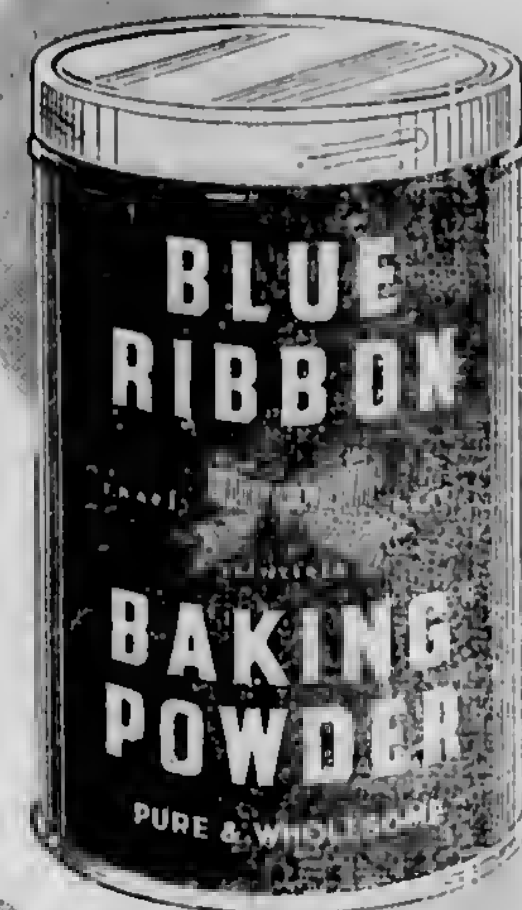

An ideal time to plan for winter repairing of farm machinery is just before the machines are being put away for the winter. Most of the machines have been used recently and we know the repairs that are needed. Those who plan their work carefully, check each implement at this time of the year and make a list of its requirements. Then as they have time in the winter they can make the needed repairs.

This procedure is especially important now when new machines are scarce and repair parts are in such demand. A wait of two or three weeks for parts is not serious in the winter but it may mean loss of valuable time during the cropping season. If every farmer would carefully check his machines while he still remembers their summer performance, and then would make the necessary repairs, there would be fewer demands for machinery parts and much less loss of time during the rush cropping season. This is a simple matter but one that frequently is neglected so this letter is written just as a reminder.

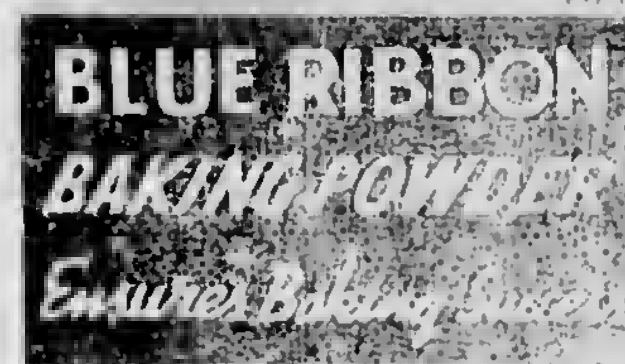

A basic principle in the training of youths of the Royal Canadian Army cadets is to teach the value of good citizenship.

The banker's daughter threw her arms around the neck of the bridegroom-to-be.

"Oh, dear," she exclaimed, "dad's going to give us a check for a present!"

"Excellent!" exclaimed the happy young man. "Then we'll have the wedding at noon instead of two o'clock."

"Why, dear?"

"The banks close at three."

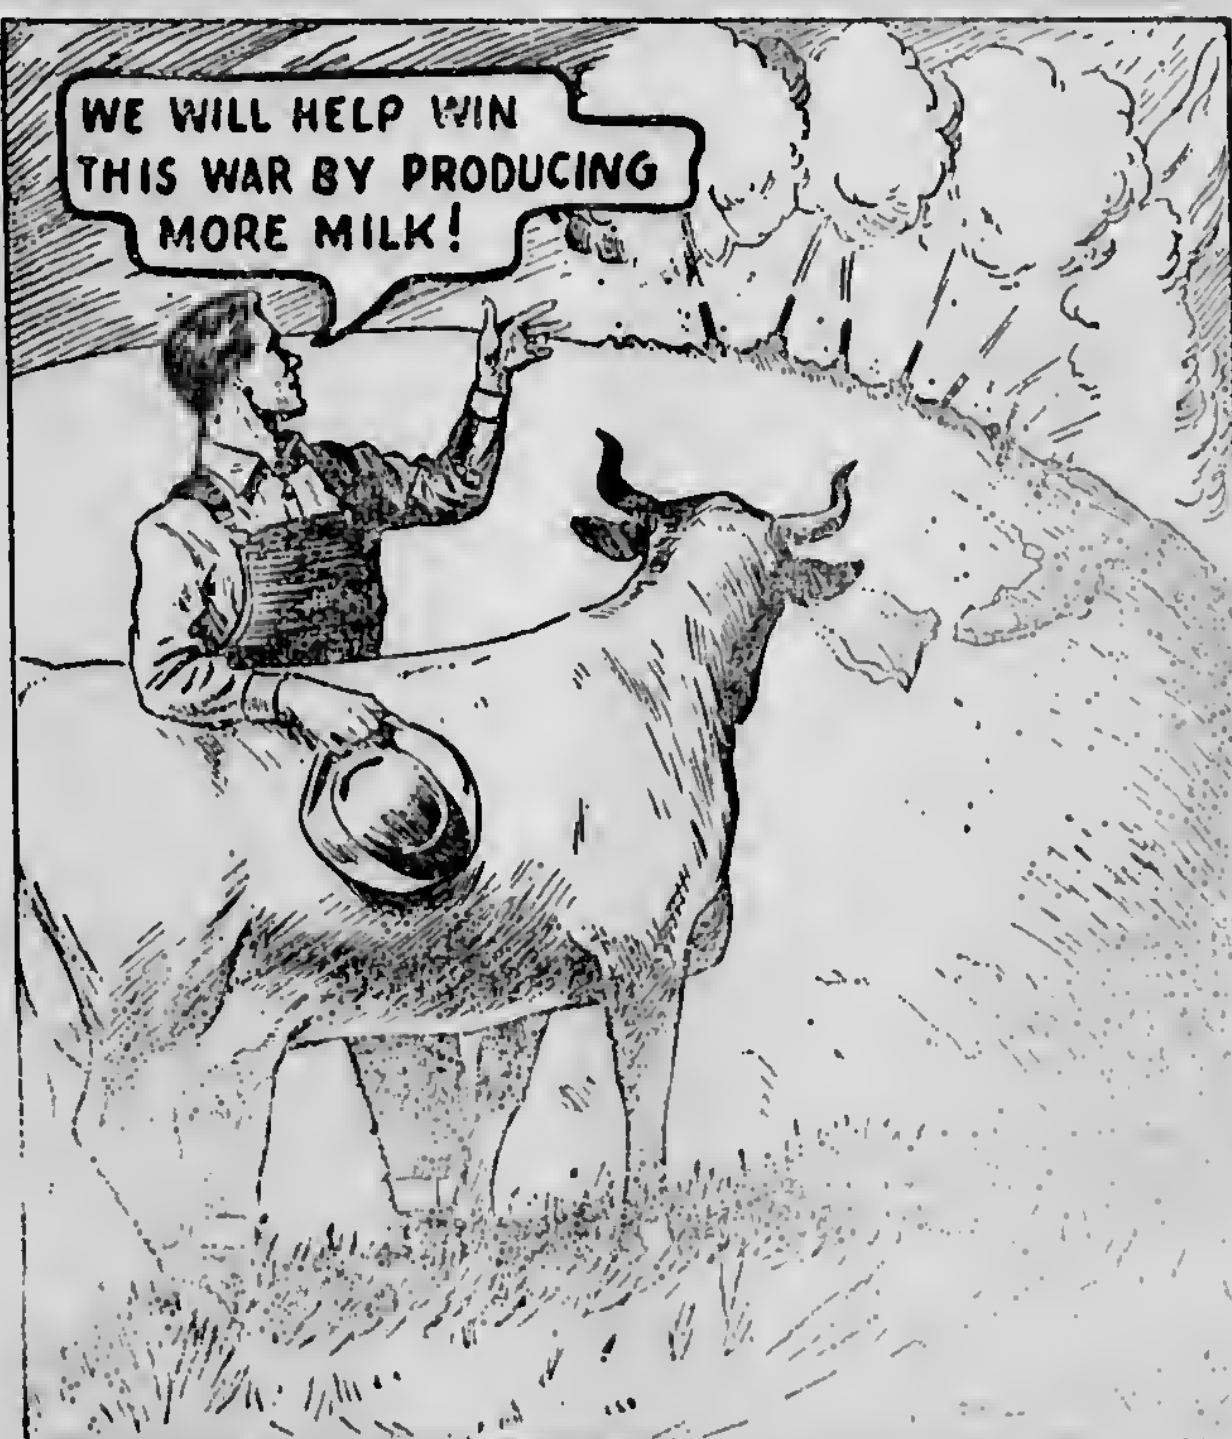

### OBEYING INSTRUCTION

Little Joan had been instructed at school what to do during an air raid.

A day or two later she heard fire engines clanging past her home and decided it was the signal of an air raid. Hurriedly she scrambled under a table and began to take off her clothes. When the amazed family asked the reason, Joan replied:

"Our teacher told us that when we heard the signal we should get under a table and keep cool."

## Dairy Farmers Support Nation-Wide Milk Drive

Canada needs more milk from every farm to help with the war. Milk is important in safeguarding the health of our armed forces, our civilian workers and the people of Britain. The 7 point milk production program sponsored jointly by the Alberta Department of Agriculture and the Farm for Victory Committee is planned to assist dairy farmers to produce more milk for Victory. The 7 points are:

Provide abundant pastures; plenty of good hay; feed balanced rations, using protein concentrates wisely; large quantities of fresh water; condition cows for freshening; raise calves with less milk and send more milk to market; prevent waste and deterioration by producing a high quality product.

#### THE OLD MAN SPEAKS

(By Grantland Rice)

I came up in this town, a country spot, I never saw a city all these years. But lately I've been wondering a lot. How places change when looked at through your tears. I've tried the best I could—a job to do, A kid to raise—a kid whose name was Bill, Who'd pick up when I quit—when I was through— And run the little farm below the hill. Bill liked the idea, too, for Bill was shy, A fellow who had never cared to go, But now young Bill is somewhere in the sky— Above Rangoon or Calais—I I don't know. It's spring again: the plow is by the gate. Once more the early robins hop around. How dull the April sunshine seems of late— How long the furrow is—how bare the ground. —Wheat Pool Budget

saving machinery; the origination of new machines for handling certain of the newer crops, such as rubber bearing crops, and the discovery of the adaptation of standard combines in the handling of crops, such as Argentine rape and sunflowers, with a combine harvester.

#### TRAIN TODAY AND FLY TOMORROW

#### TO THE POINT

The teacher had asked the class to write an essay on "Our Dog". Young Jimmy was the first to finish. His effort read: "Our Dog. We haven't got one."

#### SUSPICIOUS NATURE

While on patrol duty a member of the Home Guard came across a watchman asleep in his hut.

The sirens had just previously sounded. Shaking the old man, he shouted: "Wake up; don't you know the siren's gone?"

Sleepily he mumbled: "Well, I'm not surprised. The people round here'll take anything." —Exchange.
